## Supplier Innovation Engagement

*(Session designed for Corporate Members)*

Supplier innovation is a business imperative. Corporate members invest in preparing local businesses to co-create enterprise value, just as corporate programs invest in startups to solve future problems.

### This session will

- + Support corporations in activating local certified suppliers as a competitive advantage
- + Build a local scalable foundation for national thought leadership on supplier innovation
- + Equip MBEs to move beyond compliance and into capability-based partnerships

Join us at BOE 2026 and hear Dr. Berkley Baker share how supplier innovation can transform enterprise value.
