

MBE DIGITAL CATALOG

PRMSDC The Platform for Your Success!

About the MBE Digital Catalog

The PRMSDC MBE's Digital Catalog is a positioning tool that highlights certified suppliers' business proposals and value-added solutions to member corporations and other national and local purchasing entities interested in incorporating a variety of businesses to fulfill their needs. It showcases the capability statements of MBEs that have chosen to invest in new ways to enhance their visibility.

PRMSDC is committed to showcasing the competitive advantage that certified suppliers bring to Corporate America's supply chain. We are confident that this catalog will become the go-to resource when seeking sourcing from underrepresented suppliers.

Veteran-Owned

BeHealth Business LLC is Puerto Rico’s leading digital health media platform, delivering innovative, multi-channel strategies that educate, engage, and empower communities through trusted health information.

We operate through two strategic divisions:

- **BeHealth:** Focused on patients and the general public
- **BeHealthMed:** Focused on physicians and healthcare professionals

Core Capabilities

- ✓ Multi-channel health campaigns (digital, social, events)
- ✓ Content production (video, interviews, educational series)
- ✓ Medical & scientific communication
- ✓ Audience segmentation (patients & physicians)
- ✓ Strategic partnerships with healthcare and pharma

Our Platforms

BeHealth (Community)

Educating and engaging patients through accessible, high-quality health content.

BeHealthMed (Medical Professionals)

A dedicated platform for physicians, offering visibility, education, and collaboration opportunities with industry partners.

Why Partner With Us

- Dual reach: patients + healthcare professionals
- Trusted and established health platform
- Highly engaged audience
- Strong industry relationships
- End-to-end execution (strategy production distribution)

Custom Group, LLC is a Puerto Rico-based project delivery and construction management firm with a legacy of excellence dating back to 1984. We specialize in the execution of complex capital projects within active, regulated, and operational environments across the commercial, industrial, manufacturing, infrastructure, and public sectors.

Our experience includes the successful delivery of infrastructure and industrial projects, supported by a strong foundation in compliance-driven environments that require disciplined project controls, documentation, and audit-ready execution. This background has shaped our ability to manage risk, maintain traceability, and deliver predictable outcomes in complex project settings.

We support pharmaceutical, commercial, industrial, and manufacturing clients by providing structured project management, construction oversight, and compliance-focused execution aligned with GMP expectations, data integrity requirements, and internal operational standards. Our approach integrates planning, execution, and documentation to ensure safe, predictable, and fully traceable project delivery without disruption to ongoing operations.

GASCO INDUSTRIAL

PO Box 1360, Gurabo, PR 00778 | 787-737-4000 | dbigman@gascoindustrial.com
www.gascoindustrial.com | POC: Dan Bigman, CEO

CAPABILITY STATEMENT

BUSINESS OVERVIEW

Gascó Industrial is a Puerto Rico-based manufacturer and Contract Development & Manufacturing Organization (CDMO) with 23 years of proven performance. We provide turnkey formulation, scale-up, and manufacturing for personal care, household cleaning, institutional sanitation, and food products—serving retail, institutional, and government markets across the continental U.S., Caribbean, and Central America.

As an experienced private-label and contract manufacturer, Gascó is fully EDI-capable and able to sustainably scale production to meet the demands of national retailers and large institutional clients. Our in-house R&D laboratory, product development team, and graphic design capabilities enable concept-to-shelf delivery.

COMPANY DATA

Founded: 2003
CEO: Dan N. Bigman-Montalvo
Headquarters: Gurabo, Puerto Rico
EIN: 37-1477418
DUNS: 616206756
CAGE: 4RPB9
Certifications:
 HUBZone • Disability:In • Small Business • DBE • Minority (Hispanic) • PR Act 73 Manufacturer • NMSDC Certified
NAICS: 311942, 325320, 325611, 325620, 325998

WHAT WE MAKE

Gascó develops, manufactures, and distributes a diversified portfolio of branded and private-label products across three verticals:

- **Home & Institutional Care:** Surface cleaners, disinfectants, laundry systems, and personal hygiene products for commercial, government, and retail channels
- **Food & Flavor:** Seasonings, spices, condiments, flavor blends, and bakery ingredients for foodservice and retail distribution
- **Specialty & Innovation:** Sustainable formulations including EPA-registered green chemistry products and FDA-approved OTC topicals

HOW WE COMPETE

Like the diversified manufacturers we supply, Gascó operates with scale, discipline, and breadth:

- Vertically integrated from R&D through packaging and label design—concept to shelf under one roof
- EDI-capable supply chain serving Walmart, Target, and Sam's Club at national scale
- Sustainability at the core: recycled packaging, eco-friendly materials, renewable energy
- 23 years of growth from startup to multi-market, multi-category manufacturer
- SBA Manufacturer of the Year (2019); PRMA Entrepreneur of the Year (2019)

PAST PERFORMANCE & KEY CLIENTS

Walmart / Sam's Club	Private-label household cleaning and food products (Great Value, Sam's Choice)
Target	Defendr+ Hand Sanitizer; Grainger Accolades Awards recipient
PR Dept. of Education	Detergents and disinfectants, \$1.9M/year contract (2016–ongoing)
PR General Hospital	Detergents for central kitchen operations (2018–ongoing)
PR Dept. of Corrections	Detergents for correctional facilities laundry (2019–ongoing)
Sudoc (dot™)	Manufacturing partner for dot™ sustainable mold remediation products using patented Dilute Oxidation Technology
KLR Services (USVI)	Private-label cleaning products
MRW Buchannan	Cleaning products and industrial laundry equipment installation

ImageFIRST

CAPABILITY STATEMENT

Company overview:

DuiEcosolutions/ImageFIRST efficient, and customer-focused industrial laundry service provider. With experience in the industry, we have established ourselves as a reliable and trusted partner for businesses seeking high-quality laundry solutions. Our state-of-the-art facility, dedicated team, and commitment to sustainability set us apart in the market.

Core competencies:

QUALITY LAUNDRY SERVICES

We specialize in providing top-notch laundry services for industrial clients. From uniforms and linens to industrial garments and textiles, we handle each item with care, ensuring impeccable cleanliness and maintenance.

TECHNOLOGY

Technology innovation and expanded service resources, such as internal software that helps with inventory management tracking linen in our facility and in routes. We partnered with intelligent cabinet suppliers to provide an innovative solution to manage inventory. The automated cabinet dispensing system will help keep track of all employees' uniform transactions with integrated RFID technology readers in each column.

NETWORK

Access to a larger network of certified suppliers with negotiated price and stock volume arrangements for core products.

INVENTORY MANAGEMENT

We manage customer inventory weekly to provide the best service to help with the satisfaction of all of our customer client and employee needs. We free up your hospital staff with a dedicated "Customer Advocate" that not only delivers your healthcare laundry but also is your direct point of contact to manage your linen inventory.

QUALITY ASSURANCE

Our quality control processes ensure that every item that leaves our facility meets the highest standards. We have a meticulous inspection system to maintain consistent quality throughout the laundry process.

CUSTOMIZABLE SOLUTIONS

Recognizing that different businesses have unique requirements, we offer customizable laundry solutions. Clients can tailor their laundry plans to match specific preferences and needs.

Past performance:

Over the years, DuiEcosolutions/ImageFIRST has successfully provided exceptional laundry services to a diverse range of clients, including but not limited to:

- **FEDERAL GOVERNMENT:** We provided services to the government since 2018 to a few locations around Puerto Rico. We have helped them with their needs, helping them manage their inventory and save labor time and costs. Our commitment to excellence is supported by a track record of successful collaborations with various federal government entities, where we have consistently demonstrated our compatibility with their unique needs and requirements.
- **HEALTHCARE FACILITIES:** We work with various healthcare institutions, ensuring that their medical linens and garments meet the highest hygiene standards. We have been providing service to Radiologists, Dentists, Surgical Centers, and more across all the island ensuring they have all the needed inventory for clients and improving patient satisfaction.
- **HOSPITAL AND PHARMACEUTICAL INDUSTRIES:** We helped these industries for over 10 years improving their needs with specialized garments and their management. We installed an intelligent cabinet in their facilities to avoid the loss of garments. We adjust to the need of sizes of their personnel.

DIFFERENTIATORS

- Clean Room Services
- Periodic inventory counts
- Tracking and history of washes, replacements, and repairs
- No billing surprises
- Documentation for lost items, repairs and reprocess
- High level of disinfection
- Additional programs to increase the amount of re-usable and recycle alternatives
- Personalized garment alteration as needed

CERTIFICATES AND COMPLIANCE

- Hubzone
- Compliant with all local, state, and federal regulations related to laundry operations and environmental standards
- Infection Prevention Compliance Certification
- PR Minority Supplier Development Council Certification

CAPABILITY STATEMENT

Company Overview

Mechanical Maxpower Corporation (MMC), established in 2001, is a trusted provider of integrated maintenance, construction, and technical support services for pharmaceutical and regulated industries. With over two decades of experience in highly regulated and technically complex environments, MMC delivers compliant, safe, and reliable solutions that support mission-critical operations.

Originally founded as a technical resourcing firm, MMC has evolved into a full-service contractor offering multi-trade capabilities across maintenance management, utilities support, mechanical and electrical contracting, and capital project execution.

Core Competencies

Industrial Maintenance & Asset Management

- Preventive and corrective maintenance programs
- Maintenance planning, scheduling, and optimization
- CMMS data management, and reporting
- Full-service maintenance program management

Mechanical, Electrical & Project Services

- Mechanical and electrical installations & upgrades
 - HVAC, process heating, and power distribution
- Utilities systems and process piping (regulated environments)
- Fabrication and certified welding services
- Instrumentation and controls installation

Construction & Technical Staffing

- Skilled trades: pipefitters, welders, electricians, plumbers, instrumentation technicians
- Certified safety personnel and supervisors
- Scalable workforce for projects of all sizes
- Rapid deployment for urgent and short-notice requirements.

Differentiators

- 24/7 operational capability with full administrative and field support
- Routine on-site supervision ensuring quality and performance
- Over 3.5 million work hours without an OSHA recordable incident
- Extensive experience in GMP environments

- Integrated, multi-trade service delivery model
- Rapid mobilization for critical and time-sensitive operations

Past Performance

Major Industrial Maintenance Project

Client: 2005 – 2024 Eli Lilly

- Full-service industrial maintenance in a GMP-regulated biotech facility
- Preventive and corrective maintenance across critical systems and utilities
- Managed a multidisciplinary workforce of approximately 50 personnel
- 24/7 operational support ensuring reliability, compliance, and uptime
- Strong safety performance maintained throughout contract duration

Major Industrial & Construction Projects (Subcontractor & Staffing Support)

Clients: Lord Electric of Puerto Rico | BLDM

- Skilled trades staffing and subcontracting for large-scale industrial projects
- Mechanical, electrical, HVAC, and utilities system installations
- Support for high-visibility infrastructure and complex construction environments

Company description:

PharmPix Corporation was founded in 2009 by a knowledgeable and experienced healthcare management and professional team with a combined experience of over eighty (80) years in the Pharmacy Benefit Management (PBM) field, with local and national PBMs and health plans. PharmPix has developed proprietary state-of-the-art claims processing and ancillary systems from the ground up, in a clean canvas approach. These systems are flexible, robust, secure, and scalable with a user-friendly user interface. The company’s systems are based on modern server architecture that helps streamline operations and simplify implementations and changes. Ownership and control over the transaction-processing engine gives the company the ability to work under a wide spectrum of options beyond the traditional PBM role, as well as the ability to respond promptly and effectively to market or client driven demands.

Coupled with the company’s deep clinical knowledge and local market experience, PharmPix’s clients enjoy actual per-member-per-month cost reductions of approximately 5% to 15%, on an actual first year comparison to prior year utilization.

Product/Services/Solutions:

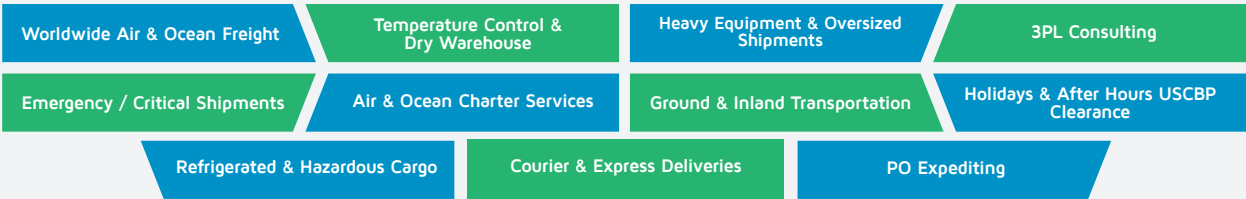

- PharmPix is a proven PBM in both the local and stateside markets. Among its unique propositions are its ease of implementation, friendly and easy to use front end applications for users, internal and external alike, and its unique alert systems that minimizes member noise at the point-of-sale while assuring integrity and effectiveness of DUR and other edits to reduce fraud, waste and abuse.
- PharmPix thrives on, and strives to continuously improve its client and customer service experience and to maximize its cost savings impact with its innovative approaches.
- Offering unparalleled flexibility in contracting terms, ranging from traditional full PBM services to unbundled services in a licensing or software-as-a-service arrangement, PharmPix can exceed any client’s expectations on quality, service level, and savings in the pharmacy benefits management field.

Company Overview:

Our services are built to support productivity, compliance, and operational continuity. We deliver integrated facility services through a highly trained and scalable workforce, dedicated account management, and standardized processes designed for commercial, industrial, healthcare, pharmaceutical, medical device, manufacture and multi-location environments.

Our teams are certified, supervised, and equipped to document, report, and execute services that keep facilities clean, safe, and fully operational—so our clients can focus on production, performance, and growth. Every service is managed with accountability, consistency, and compliance at the core.

Services:

- **Maintenance and Cleaning:** Professional cleaning and maintenance services designed to support productivity, safety, and regulatory compliance in commercial, industrial, healthcare, and controlled environments. Our expertise includes specialized **cleanroom services**, where contamination control, protocol precision, and environmental integrity are critical.
- **Landscaping:** Commercial landscaping services enhance curb appeal, safety, and property value while supporting a professional corporate image. We maintain green areas, pathways, and exterior surroundings to ensure clean, organized, and hazard-free environments across all facilities.
- **Pest Control:** Licensed pest control services with Category 4 and Category 8A certifications, ensuring safe, compliant, and effective pest prevention for regulated environments. Our services address insects, rodents, and public health pests in commercial, industrial, healthcare, food, and pharmaceutical facilities.
- **Construction:** Construction and remodeling services to support facility upgrades, space optimization, and operational changes. From drywall and painting to interior renovations, our teams execute projects efficiently while maintaining safety and operational continuity.

Services Locations: Puerto Rico and Virgin Islands

Differentiators:

Integrated services * Fast response
High operational capacity * Full coverage

Customized delivery models aligned to each client's structure, priorities, and performance expectations.
- TALENT**
High-performing professionals matched to your business objectives.
- TECHNOLOGY**
Powered by Leoforce, our AI-driven platform accelerates hiring with greater speed, accuracy, and efficiency.

CLIENT SUCCESS STORIES

PROBLEM: MANAGING A LARGE CONTINGENT WORKFORCE TRANSITION IN A REGULATED MANUFACTURING ENVIRONMENT IN PUERTO RICO.

SOLUTION: SPECTRAFORCE partnered with 3&J Vision through the WORKSENSE™ MSP program as the on-site VOP provider, successfully transitioning 272 contingent workers across manufacturing, logistics, quality, and administrative functions.

OUTCOME: The program scaled to 417 contingent workers while maintaining uninterrupted operations and successfully filling over 300 positions during high-volume hiring phases.

PROBLEM: LAUNCHING A NEW CALL CENTER OPERATION IN PUERTO RICO TO SUPPORT CUSTOMER ENGAGEMENT AND SATISFACTION INITIATIVES.

SOLUTION: SPECTRAFORCE partnered with Mitsubishi Motor Sales of Caribbean to staff and operationalize the call center, providing leadership and support staff while implementing workforce management tools and training programs.

OUTCOME: The call center launched successfully and the partnership expanded beyond the original scope with additional roles added, reinforcing SPECTRAFORCE as a long-term workforce partner.

WORKING CAPITAL SOLUTIONS

Corporate Overview

Worcaps is a leading factoring company that provides comprehensive financial solutions to businesses of all sizes. Our services include factoring, invoice discounting, trade finance and purchase order financing. We work with clients across a range of industries, from construction, manufacturing and distribution to transportation and telecommunications.

The company was established in Puerto Rico on March 2016 and offer financial alternatives to those companies with limited access to traditional banking credit facilities.

Areas of Expertise

Invoice Financing – Factoring

We provide immediate funding for your outstanding invoices, so you can get the working capital you need to grow your business. Our factoring services are flexible and customizable, and we can work with companies that have varying creditworthiness.

Purchase Order P.O Financing

If you have a purchase order from a creditworthy customer but lack the funds to fulfill it, we can provide financing to help you secure the materials and labor needed to complete the order.

NAICS: 522299 International, Secondary Market, and All Other Nondepository Credit Intermediation

Our team is experienced and knowledgeable, and we work closely with our clients to understand their unique financial needs. We pride ourselves on our commitment to customer service and our ability to provide fast, reliable funding solutions.
