

Empowering the Next Generation of MBE Leaders.

Innovate Boldly. Scale Rapidly. Lead the Future.

Babson College, in collaboration with the Puerto Rico Minority Supplier Development Council (PRMSDC) proudly presents the Babson Accelerator for Growth, Innovation, and Entrepreneurial Leadership (B-AGILE), an immersive 3-day dynamic leadership experience.

Designed exclusively for a select cohort of MBE leaders, the B-AGILE program cultivates the mindset, agility, and strategic discipline required to lead and innovate in today's most complex environments. Participants will leave equipped to transform uncertainty into opportunity for their organizations, drive sustainable growth, and learn best practices for leveraging AI for innovation and impact.

Key Outcomes

- Develop an entrepreneurial mindset using action-oriented thinking to identify and seize opportunities
- Strengthen business fundamentals including financial acumen and operational effectiveness
- Make better strategic decisions in complex environments
- Align strategy, finance, and operations to scale sustainably
- Lead with confidence and enhance communication in a tech-driven world
- Gain an innovation toolkit and energized network of your peers

About Babson
